

VIEWSPAN

VIDEO WALL CONTROLLER

Introduction to VIEWSPAN

About Veracity

Veracity designs and manufactures industry-leading systems and devices for integrated security platforms.

Veracity offers a wide range of products from IP video storage systems, video wall controllers, to integrated Command and Control solutions for Safe Cities and National Infrastructure, delivered in conjunction with Nx Witness video management software.

IP transmission devices are also part of the Veracity portfolio which are available globally.

“**VIEWSPAN** encompasses Veracity decode and display solutions, both hardware and software.”

“**VIEWSPAN Nexus** represents a software display service for Windows or Linux platforms, deployed on a variety of hardware architectures.”

VIEWSPAN 6

Embedded 6 Output Solution

Familiar Windows 10 Platform

Nexus Software Control

Mid-Tier Surveillance Control Rooms

Base & Pro Models

OLED Display

Connectivity

- HDMI or DisplayPort
- Dual 1GB Ethernet
- x4 USB

VIEWSPAN Solo

High Density Decoding Solution

25 1080p at 30 FPS Decode Capable

Nexus Software Control

VESA Mounting

Full AWP Support

- Network Settings
- Display Settings
- Input Servers

Connectivity

- HDMI 2.0 + VGA
- 1GB Ethernet
- x6 USB

VIEWSPAN AV

Scalable Solution Audio Visual Solution

RAID – Redundant PSU

Nexus Software Control

PCIe Fabric Architecture

Large Video Walls Outputs – 96 FHD max.

Connectivity

- DisplayPort Outputs
- Dual 1Gb & 10Gb Ethernet
- Dual Xeon Options

AV Capture Input Cards

- HDMI/DVI
- DisplayPort
- SDI
- Component
- S-Video
- Composite
